(A) Position of Building

3) It is not advisable and not desirable to construct latrines in the tanks bed where they will spoil the appearance of the surrounding parts, and where it will be difficult to provide the necessary privacy, as people from the high tanks bund roads will look into the court yards. A less conspicuous site near the East Entrance, Bangalore City Station may be selected.

SIR,

Subject - Constructing combined urinals and latrines
and bathrooms at the south east corner of
Dharmambudi Tank bed

I have the honour to state that a sum of Rs 30,000/- was allotted for Urinals and Bathing Ghats under 'City Improvement works' in the current Budget and the Municipal Engineer sent an estimate for Rs 14,000/- for constructing Urinals, latrines and bath rooms at the south east corner of the Dharmambudi tank bed. The estimate was passed by the Managing Committee on 11-4-45. The Municipal Council at their meeting on 12-5-1945 resolved that the estimate be approved with the modification that the construction be put up at the south west corner of the tank. I enclose herewith copies of resolutions for favour of obtaining the early sanction of Government to the estimate.

I have the honour to be,

Sr.

with reference to your letter no

A2, 312-1423/44, dated 14-6-45, forwarding
for sanction an estimate amounting to
Rs 14000/- for the above ^{work}, I am directed to
state that the Chief Engineer for Roads
and Buildings who was consulted in the
matter, has observed as follows:-

A position of the Buildings

it is not advisable and not desirable to construct
latrines in the Tank bed where they will spoil

the appearance of the surrounding park and where it would be difficult to provide the necessary privacy. A less conspicuous site near the Eastern Entrance, Bangalore city station may be selected.

B Plan of the Building

2. Another plan is suitable except - that uniforms for women are not required and may be replaced by athletic sweaters.

6) Estimate

The cost of Rs 8- per sq ft for so much a building (without the cost for sanitary fittings and water supply) appears high — even under present conditions. Provision for electric light, for gardening around the building, contingencies and supervision charges, is necessary.

I am to add that the Estimate (herewith returned) may be modified in accordance with the above suggestions and returned early. Y^{rs} truly
